GLS University Ahmedabad, Gujarat, India
BSC-IT 83.8%   June 2019 - April 2022

ST ANN'S School Ahmedabad, Gujarat ,India
Higher Secondary School ,GPA: 61.8%   2018 - 2019

ST ANN'S School Ahmedabad, Gujarat ,India
Secondary School, GPA: 54.6%   2016 - 2017

PROJECT

Diwali Sales (March 2024)
- Utilized libraries such as Pandas, NumPy, and Matplotlib to clean, analyze, and visualize sales data, identifying key trends and insights to support data-driven decision-making.
- Conducted data preprocessing, exploratory data analysis, and created interactive visualizations to showcase sales performance, customer behavior, and product popularity during the Diwali season.

Health Care (May 2024)
- Developed and implemented a comprehensive healthcare project using Excel and SQL, streamlining data management and analysis for improved patient care and operational efficiency.
- Leveraged advanced SQL queries and Excel functions to generate actionable insights, enhancing decision-making processes and optimizing healthcare outcomes.

CERTIFICATE COURSE

TOPS Technologies (Jan 2024 - Present)
- Complete Data Analytics Course
- MYSQL, Excel, PowerBi, Statistic

CORE COMPETENCIES

Result-oriented, Adaptive, Multi-tasking, time management, quick learning.

SKILLS

Languages: Python, SQL
Frameworks/Libraries: Pandas, NumPy, Matplotlib, Seaborn
Tools: Jupyter Notebook, Excel, MySQL
